burg, Mass., are the guests of Mr. and Mrs. Aubrey W. Jarvis of Claire-Mr. and Mrs. Frank O. Moses, who are still at their summer cottage at Gales Ferry, were the guests of Capt. and Mrs. Edward T. Pettigrew in Groton Wednesday afternoon.

WEDDINGS.

Starkweather-Starkweather. Starkweather—Starkweather.

In Rochester, N. Y., on Thursday, Oct. 6, 1910, the marriage was solemnized of Miss Amelia M. Starkweather of Chautauqua, N. Y., to Jacob F. Starkweather of Norwich, Conn., at the home of their cousins, Major and Mrs. William Streeter, of 14 Scio street. The bride, Mrs. Starkweather, is included among the eminent women of America selected for a work edited by Mrs. Mary A. Livermore and Miss Frances Willard. Much of her life has been spent in teaching and other public work, and she is also known as

public work, and she is also known as poet and author. The bridegroom is well known in Norwich, has been highly successful as a teacher and edmeator and is active in church work.

Mrs. Streeter, the hostess, was formerly Sarah W. Starkweather, who is

well known in literary circles, and while living in Westchester, Pa., was the first woman in the state to be anpointed a city superintendent, receiving a commission from the state department for successive terms of three

years each.

Among the invited guests were Mrs.

Streeter's two brothers, John W. Starkweather, president of the Tennessee
Marble exchange, Knoxville, George B.

Starkweather, of Washington, D. C.,
who was foreign correspondent and who was foreign correspondent and sworn government translator, is biological investigator and writer of medical works; her sister, Alice J. Starkweather, who for a number of years was a missionary under the

American Board to foreign countries. The Starkweather family are of the old New England stock which numbered among its members two or more generals, a diplomat, several judges, at least four congressmen and many lawyers, clergymen and many law-yers, clergymen and missionaries, Leaving Rochester, Mr. and Mrs. Starkweather were two days at Niag-ara Falls, and on their way beme spent two days in Ilion and one day in Jordanville, reaching home late Tues-day evening.

Perkins-Kingsley. Mrs. Minnie Morgan Kingsley, youngest daughter of Mr. and Mrs. Frank M. Kingsley of Lebanon, and Frank Charles Perkins, son of Mr. and Mrs. Charles A. Perkins, also of Lebanon, were married Wednesday by the Rev. A. J. Parks in Lebanon. Mr. Rev. A. J. Parks in Lebanon. Mr. and Mrs. Perkins left on a wedding and airs. Ferkins left on a weating trip to Brattleboro, Vermont, and Montreal, Canada, after which they will make their home in Lebanon, where both are popular young people.

Invitations have been issued to the marriage of Miss Fannie Galiup of Hartford and Calvin R. Hewitt of Ledyard, to take place Oct. 19 at the home of the bride's aunt, Mrs. Phoebe Gardner, of Norwich.

It will interest Name to the marriage of Norwich.

Month.

will be Laid Overland for this Purpose—Setting Up the Well Driving Machinery—May Start Saturday.

Although it was expected that work on driving the wells at Mendow brook would be started on Thursday, such was not the case, as the day was spent in getting more of the machinery to the location and setting it up. It was stated on Thursday evening that the smachine is not all set up but will be completed totaky, it is expected. In that case it is hoped. Thomsence the machine is not all set up but will be completed today, it is expected. In that case it is hoped. Thomsence the water rise, it would not affect the appropriate to take of the machine is of the type water rise, it would not affect the appropriate to the continues to hold off and the water rise, it would not affect the appropriate to the completed to take on the product of water commissioners is not all set up but will be completed today, it is expected. In that case it is hoped. Thomsence the water rise, it would not affect the appropriate to the point where, if the rain should come and the water rise, it would not affect the appropriate to the point is steply of water in that pond, though the chops its way into the ground, being a large drill to which the cable is attached. After loosening the matarial it is removed by buckets and the piping is then inaerted to the point where rock is struck. It had been hoped to get the drills in operation by the first of this week, but it has not been possible. The boller is to be set up today and connections made for getting water for it, about fourteen the logical point to obtain such.

The Tablet Staturday.

The Well Driving Machinery—May Start Saturday.

The reservoir continues to drop as steadily and this such as fitted time in getting more of the machiner is of water commissioners is prepared to take other action in case the well driving requires longer than expected. This action will irrist consists in taking water from spatial to a preparation so relating more of the machine is of the rise of the rise of the w

SCHOOLS OF INSTRUCTION FOR OFFICERS AND NON-COMS. Will Commence November 1 and Con- Many Were There to See It and to Get

tinue to April 30.

A course of instruction for officers and non-commissioned officers, Connecticut National Guard, in accordance with general orders, No. 13, c. s., the adjutant general's office, is announced for all but the Coast Artilley:

Schools will commence November 1, and will continue until April 30, and will comprise six (6) monthly periods of work. On the first Friday of each month, commencing Friday, December 2, and several invited guests. each month, commencing Friday, De-cember 3, the officers and non-com-missioned officers of the different commissioned officers of the different com-panies will assemble at the armories for a written examination in the work studied by them during that month. Examinations will be personally con-ducted by the instructors named for each station, who will report in writ-ing number of absentees and excuses given for same at each monthly meet-ing.

Examination questions will be pre-pared for each station at the office of the officer in charge of instruction for

the state. Questions and answers will be urned in to the instructor, who will immediately mail them to the officer in charge of instruction, who will have each set of papers examined and marked, and notify each individual officer and non-commissioned officer by letter, of the percentage attained and errors, if any, made by them in their answers to these questions, thus adding to the examination the element of instruction. of instruction.

The percentage system of marking will be followed. Standard of excellence required will be 75 per cent. Those officers attaining 75 or over will be reported to the adjutant general as satisfactory, those who failed to attain that per cent, will be marked unsatisfactory.

This list will be published monthly Captain H. L. Jackson, U. S. A., will be the officer in charge of instruction for the state.

place of Charles E. Whitaker, resigned, which resignation was made because of illness in his family and business.

| Commissioner Heman O. Averill has issued his summary of work during the year ended Sept. 30. Five hundred and eighty-six cattle were condemned, against 551 in 1909, 570 in 1908 and like in the formal of the part o

Captain Haven learned that Chase was the name of the consignee of the bicycle. The Seymour authorities reported this morning that they had expressed the wheel to New London to the captain of police. Fire Theatened to Wipe Out a Massa-

chusetts Town. North Dans, Mass., Oct. 13.-Fif-een buildings were on fire at one time n a blaze that threatened to wipe out the business section of this town this afternoon. The Swift River Box company's plant and the repair shop of the Boston & Albany railroad were destroyed, and one end of the grain store of L. T. Haskins was badly damaged. Other fires, which were chiefly on roofs, were extinguished with slight The total loss is about \$15,060.

October the Best of All. Miss Ellen D. Larned, a long-time

observer of weather conditions just beyond the Rhode Island houndary in Windham county, Connecticut, says her racords show that October, on the whole, has been a most agreeable month. Certainly this year it started well, with genial temperatures and bright sunshine; with blooming in sheltered gardens, along-side the gorgeous color of dahlas, cosmes, nasturtiums and asters. This is the ideal month for outdoor exer-cise-for tennis, golf, automobiling and especially, walking. There is no more healthful positime than pedes-trianism, when the car has the crispness of autumn without being too cold. It is a pity that as a people we have not paid more attention to its Stimson's Reputation.

Mr. Stimson is expected to prove as efficient as a machine buster as he is as a trust buster.—Kansas City Star.

Describilities There ought to be week-and walking partles innumer able. It is surprising how much ground can be covered on foot in a day or two.—Providence Journal.

THE FEAR OF HUMBUG

Prevents Many People from Trying a Good Medicine.

Stomach troubles are so common and in most cases so obstinate to cure that people are apt to look with suspicion on any remedy claiming to be a radi-

really in the stomach.

Stuart's Dyspeptic Tablets taken after meals digest the food. That is all there is to it. Food not digested or half digested is poison, as it creates gas, acidity, headaches, palpitation of the heart, loss of flesh and appetite and many other troubles which are often called by some other name. They are sold by druggists every-where at 50 cents per package. OUT IN NEW MILL.

Incidents in Society

The Tuesday Bridge club met this week with Mrs. Frederick W. Cary.

Congressman and Mrs. Edwin W. Higgins have taken the Bard house, on Union street, and will occupy it at

satisfactory to all concerned. There will, of course, be a number of minor adjustments to be made here and there before all goes smoothly, but the opinion of those who watched the process was that soldom has a concern of this magnitude commenced operations with according source. Mr. and Mrs. George Robert Martin of New York have sent out cards an-nouncing the marriage of their sister. Mildred, and Dr. John Stanton Black-roar, in New York, on Wednesday, Ocerations with everything going so well.

The company commenced Wednesday to place a flashboard system on the new darn across the outlet of Oxoboxo brook in order to retain at times a higher level of water than the sill of tober 12th.

OBITUARY. Mrs. Ella P. Lindsay.

The death of Mrs. Ella F. Lindsity in Wilmington, Del., on Tuesday takes into the realms of memory the last survivor of a family once well known in Montville, and still well remember-AWAITING MORE DONATIONS in Montville, and still well remembered in that town and surrounding districts. Mrs. Lindsay was, in her youth,
the belle of the town, when she was
Elia Bromley, daughter of John Eromley, who was in those days a wellknown storekeeper. Mrs. Lindsay was
born in Montville and attended school
there, grew up to maturity and married bavid Lindsay, who was son of
Mr. Lindsay, at one time surerintendent of the Rochland paper mill, about
forty years ago. Of the \$48,000 Desired by the Institution Less Than \$2,000 Has Been It is the desire of the Academy cor-poration to raise \$48,000, the amount necessary to pay off the expense of erecting the new building, and not dip into the invested funds. The Bulletin's Academy bullding fund has reached the total of \$1.815, leaving over \$48,000 yet to be raised, so that there remains plenty of opportunity for all to contribute without any dan-

forty years ago.

Mr. and Mrs. Lindsay reared a family of four daughters and two sons. Mr. Lindsay was intimately associated with the paper industry, later leaving Montville, and the social relationertown communication has alway been maintained and to residents news of Mrs. Lindsay's death

COMING TO GROTON. Holland Torcedo Boat Co. to Change from Quincy, Mass.

comes suddenly and sorrowfully,

Announcement was made at New-port Thursday that the plant of the Holland Torpedo Boat company at Quincy, Mass. is to be removed next spring to Groten, Conn., where the property formerly operated by the Eastern Shipbuilding company will be used. The Holland company con-structs submarines and torpedoes. The Holland officials say there is no place on the Atlantic seatoured better soited for irving out submarines than suited for trying out submarines than Narragansett bay.
